

TERRAGARD EXSO 508

SOLVENT DEGREASER

Description

TERRAGARD EXSO 508 is a solvent-based cleaner formulated to remove oil, grease and other impurities from engines and spare parts. **TERRAGARD EXSO 508** evaporates to enhance drying without leaving a residue that can attract carbon dust, metal particles or other contaminants that can damage equipment. **TERRAGARD EXSO 508** is suitable for general maintenance cleaning of manufacturing, automotive, marine and transportation equipment.

TERRAGARD EXSO 508 offers the following features:

- Non-rusting and safe for use on all metals
- Can be used on well-bonded paints.
- Able to dissolve grease quickly
- Non-flammable at room temperature

Chemical Properties

Appearance	Clear colorless liquid
Odor	Solvent
Specific Gravity	0.75 – 0.85 g/cm ³
Flash point	>77 °C
Solubility in water	Insoluble

Application

TERRAGARD EXSO 508 can be applied by immersion or soaking, using a brush or brush. For thick and hard oil or grease soiling, it is recommended to soak the equipment in **TERRAGARD EXSO 508** for 5-10 minutes. Once the dirt is removed, wipe off and allow to dry.

Storage

Do not store this product where the temperature is above 45°C or near strong oxidizing agents.

Packaging

Available In plastic HDPE 25 L/pail, 200 L/drum or 1000 L/IBC tank
